

# "NPT" Thread Sizes

Some of the most popular adapter fittings shown in our catalog are AN to NPT adapters. While many variations are offered, column four in the chart shows which AN size corresponds to each NPT size when inside diameters (flow dimensions) are considered.

All Earl's Swivel-Seal hose ends are designed to provide little or no restriction when used with the corresponding AN fitting size.

We also offer a number of Metric and British Standard Pipe threads to AN fitting adapters.

| PIPE THREAD SIZE | THREADS PER INCH | THEORETICAL I.D. of FTG. | CLOSEST AN FTG. SIZE |
|------------------|------------------|--------------------------|----------------------|
| 1/16"            | 27               | 1/16"                    | -                    |
| 1/8"             | 27               | 1/8"                     | 4                    |
| 1/4"             | 18               | 1/4"                     | 6                    |
| 3/8"             | 18               | 3/8"                     | 8                    |
| 1/2"             | 14               | 1/2"                     | 10                   |
| 3/4"             | 14               | 3/4"                     | 12                   |
| 1"               | 11-1/2           | 1"                       | 16                   |
| 1-1/4"           | 11-1/2           | 1-1/4"                   | 20                   |
| 1-1/2"           | 11-1/2           | 1-1/2"                   | 24                   |
| 2"               | 11-1/2           | 2"                       | 32                   |
