K & R Engineering RT-501 Practice Tree

Sanford, Florida, 010/13/2004 – Motorcycle Performance Specialties is excited to announce the immediate availability of the K&R RT-501 Practice Tree. The K&R RT-501 Practice Tree has the following features:

- User friendly “ Info Prompts”
- Brightness control (adjust to different lighting conditions)
- NEW FEATURE! LED or standard flood lamp (select mode)
- Colored defused lenses to simulate flood lights
- Full tree / Pro tree (.400sec. and .500sec.)
- Rollout adjustable to .001sec. increments (separate for full/pro tree)
- Single or dual lane (allows two hits at the tree with one or two buttons)
- Compete against programmed reaction time or opponent
- Adjustable start variation (small, medium, or large random start)
- Complete run statistics
- Comes with built-in and remote switches
- Comes with AC power supply and 12volt lighter adapter
- Built-in tilt bar stand
- Tester capability (doubles as a delay box/timer tester—test cable purchased separately)
- 2-year warranty
