MPS Adjustable Pressure Regulator Assembly For Paintball Style CO2 Bottles

Sanford, Florida, 07/8/2004 – Motorcycle Performance Specialties is excited to announce the immediate availability of the MPS Adjustable Pressure Regulator for paintball style CO2 bottles part number 1-0329. The MPS Adjustable Pressure Regulator provides accurate pressure adjustment from 0-200 PSI. Our new regulator assembly screws onto the pin valve on all paintball style CO2 bottles and has a push in fitting for 1/4" OD poly line outlet. Combining the on off valve and the pressure regulator into one compact unit we have produced a small, accurate, and easily adjusted regulator assembly. The regulator is available separately under part number 1-0348 and has a 1/8 NPT male inlet and a push in fitting for 1/4" OD poly line as an outlet. They are in stock and available for immediate shipment.
